BACHELOR OF COMPUTER SCIENCE(HONOURS) IN DATA SCIENCE

SUMMARY

I'm a final year Bachelor of Computer Science, specializing in Data Science. My academic journey has equipped me with a strong foundation in Data Science, which i'm eager to apply in real world scenarios.

My interest lies at the intersection of data analytics, as I am fascinated by the power of data to drive informed decision-making and unlock valuable insights for organizations. I aspire to leverage my knowledge, and continuous learning mindset to make meaningful contributions to this field.

WORK EXPERIENCE

Infranet Systems Sdn. Bhd. Technical Support Engineer Internship - IT Deployment/Support & Reporting: Handle installation, configuration, and maintenance of IT hardware and connectivity such as routers, LAN switches, Laptops, PCs, and CCTVs tailored to client needs, while documenting solutions and contributing to knowledge bases and support documentation. - Remote Monitoring: Manage and troubleshoot off-site surveillance systems, respond to alerts in real time, and ensure reliable and continuous monitoring to support client safety and security.	March 2025 - Present
Dominos Pizza F&B Staff - Team Collaboration - Fast-paced working environment	December 2017 - March 2018

EDUCATION

Bachelor of Computer Science(Honours) in Data Science (Albukhary International University) Current CGPA : 3.39	October 2022 - Present
Matriculation Programme (Module II) (Kolej Matrikulasi Selangor) CGPA : 3.21	May 2018 - May 2020

TECHNICAL SKILLS & COMPETENCIES

Programming Language: C++, Javascript, HTML, PHP, SQL, Python Data Science Research Methods: Data Mining and Survey Creation Data Analysis Method: Database Design & Management, Data Quality Assessment, Data Preprocessing, Visualization	Website Development and Design - Proficient in Microsoft Office: Excel, Word, PowerPoint Tools: Google Collab, Kaggle, Jupyter Notebook, R Studio, Microsoft Power BI, Tableau,	Interest: Data Engineer, Data Science and Data Analytics - Problem-solving - Self Motivation - Eager learner - Team Building
--	--	---

AWARDS / CO CURRICULAR INVOLVEMENT

- YIC State Level Maker Fair : June 2023 and October 2024:

Participate in Young Innovators Challenge - Train-the-Trainer training program;

Join high school teachers on guiding students and prepare them for competition, collaborate with teachers and students to solve problems with IoT-Based systems.

- ICT Community Engagement Workshop at a High School in rural area (Sekolah Menengah Kebangsaan Sik)
- Committee Member, Malaysian Student Association of Albukhary University (MaSAA)—Exco of Human Development (2023/2024)
- Manage events under Malaysian Student Association of Albukhary University
- Represented university for Rugby Tournament (10s) at UPM Serdang (November 2024)
- Program Misi Bakul Kasih Ramadhan anjuran Malaysia Youth Club(MAYC) Pulau Pinang
- Misi Pasca Banjir - Sukarelawan Siswa Majlis Ikatan Mahasiswa Darul Aman (MINDA) Kedah

FINAL YEAR PROJECT

- **SCI Final Year Project System** - A comprehensive platform designed to help students and lecturers manage and track final year projects effectively, utilizing modern **CSS** styling for an intuitive user interface, **PHP** for robust server-side processing, and **SQL** for efficient and secure database management.

LANGUAGE SKILLS

- Malay : Native
- English : Working proficiency
